- |                                    |                           |                             |
|------------------------------------|---------------------------|-----------------------------|
| • Intro to Quantitative Analysis   | • Causal Inference        | • Applied Statistics        |
| • Regression & Predictive Modeling | • Time Series Forecasting | • Data Visualization        |
| • SQL & Database Management        | • Research Design         | • Exploratory Data Analysis |

## Experience

### Steve Fisher Consulting | *Data Analytics & Strategy Consultant*

**May 2025 - Apr. 2026** | *Menifee, CA*

- Analyzed client engagement, retention, and conversion data to support business and digital strategy decisions.
- Built KPI dashboards and predictive models for marketing, operations, and customer behavior; improved client-facing workflows and reporting.

### Virginia Tech Dining Services - Dietrick | *Student Manager*

**Aug. 2021 - Apr. 2024** | *Blacksburg, VA*

- Managed daily operations in a high-volume dining facility while training, supervising, and providing performance feedback to staff.
- Maintained customer-service, food-safety, and operational standards across a fast-paced multi-function environment.

### Simple Coaching Inc. | *Digital Strategy & Analytics Consultant*

**Mar. 2025 - Aug. 2025** | *Remote*

- Used customer journey, SEO, and performance analytics to improve service pages, digital strategy, and customer experience.
- Worked with leadership on new service offerings, digital audits, website improvements, and data-informed outreach.

### Zad Holding Company Q.P.S.C. | *Data Analytics Intern*

**Mar. 2021 - Aug. 2021** | *Doha, Qatar*

- Built datasets, database structures, and Power BI reporting workflows to support operational analysis and reduce manual reporting.
- Completed a client analytics project for Ooredoo Qatar using customer usage data, statistical inference, and Power BI to develop a mobile data-plan recommendation.

## Projects

### Dynamic Pricing Model for ReCell | *Python, Linear Regression, EDA*

**UT Austin**

- Developed a regression-based pricing model on 20,000+ refurbished-device sales and identified key drivers of resale value.

### Stock Data Clustering | *Python, k-means, Hierarchical Clustering*

**UT Austin**

- Clustered S&P 500 time-series data to identify equity groups with similar patterns and examine portfolio-diversification opportunities.

### Karnah | *Product Strategy, Social Impact, Matching*

**UMass Amherst**

- Developed an in-kind donation platform concept for matching usable items with nonprofit needs; won second place and a \$750 prize at UPitch Spring 2026.

## Technical Skills

**Analytics:** Business Analytics, KPI Reporting, Forecasting, Cost-Benefit Analysis, Statistical Analysis, Regression

**Tools:** Python, SQL, R, Power BI, Pandas, NumPy, Microsoft SQL Server

**Business:** Operations Analysis, Process Improvement, Customer Analytics, Requirements Analysis, Stakeholder Communication

## Honors / Awards

**The Action Taker Award:** Recognized by LISC Massachusetts & the IXL Center for digital strategy and analytics work completed through the LISC Digital Growth Accelerator.
