Education

University of Massachusetts Amherst

Master of Science in Data Analytics & Computational Social Science (DACSS)

Sep. 2025 - May 2027 (Expected)

Amherst, MA

The University of Texas at Austin

Postgraduate Diploma in Data Science & Business Analytics

Jan. 2024 - Sep. 2024

Austin, TX

Virginia Tech

Bachelor of Science in Psychology (Minor in Computer Science)

Aug. 2021 - May 2024

Blacksburg, VA

Relevant Coursework

- Intro to Quantitative Analysis
- Regression & Predictive Modeling
- SQL & Database Management
- Causal Inference
- Time Series Forecasting
- Exploratory Data Analysis
- Applied Statistics
- Machine Learning
- Data Visualization

Experience

Zad Holding Company Q.P.S.C. | *Data Analytics Intern*

Mar. 2021 - Aug. 2021 | *Doha, Qatar*

- Built datasets, database structures, and Power BI reporting workflows to support operational analysis and reduce manual reporting.
- Completed a client analytics project for Ooredoo Qatar using customer usage data, statistical inference, and Power BI to develop a mobile data-plan recommendation.

Steve Fisher Consulting | *Data Analytics & Strategy Consultant*

May 2025 - Apr. 2026 | *Menifee, CA*

- Analyzed client engagement, retention, and conversion data to support business and digital strategy decisions.
- Built KPI dashboards and predictive models for marketing, operations, and customer behavior; improved client-facing workflows and reporting.

Simple Coaching Inc. | *Digital Strategy & Analytics Consultant*

Mar. 2025 - Aug. 2025 | *Remote*

- Used customer journey, SEO, and performance analytics to improve service pages, digital strategy, and customer experience.
- Worked with leadership on new service offerings, digital audits, website improvements, and data-informed outreach.

Virginia Tech Dining Services - Dietrick | *Student Manager*

Aug. 2021 - Apr. 2024 | *Blacksburg, VA*

- Managed daily operations in a high-volume dining facility while training, supervising, and providing performance feedback to staff.
- Maintained customer-service, food-safety, and operational standards across a fast-paced multi-function environment.

Projects

Dynamic Pricing Model for ReCell | *Python, Linear Regression, EDA*

UT Austin

- Developed a regression-based pricing model on 20,000+ refurbished-device sales and identified key drivers of resale value.

Stock Data Clustering | *Python, k-means, Hierarchical Clustering*

UT Austin

- Clustered S&P 500 time-series data to identify equity groups with similar patterns and examine portfolio-diversification opportunities.

Mental Health Signal on Reddit | *Python, NLP, scikit-learn, Transformers, Plotly Dash*

UMass Amherst

- Collected and analyzed 25,886 posts and comments from three mental-health communities; compared three sentiment methods and three classifiers, conducted topic analysis, and built an interactive dashboard.

Technical Skills

Quantitative: Regression, Forecasting, Statistical Inference, Clustering, Pricing Analysis, Cost-Benefit Analysis, Customer Segmentation

Tools: Python, R, SQL, Power BI, Pandas, NumPy, scikit-learn, Microsoft SQL Server

Business: Revenue Analytics, Decision Analysis, Customer Analytics, KPI Reporting, Data Visualization

Honors / Awards

The Action Taker Award: Recognized by LISC Massachusetts & the IXL Center for digital strategy and analytics work completed through the LISC Digital Growth Accelerator.

KickStart VT Seed Grant Winner - CalendAI: \$500 seed grant from the Apex Center for Entrepreneurs at Virginia Tech.

Future Founder Startup Award - Minute Pitch Competition: \$300 award from the Berthiaume Center for Entrepreneurship at UMass Amherst.

UPitch Spring 2026 Second Place - Karnah: Awarded second place and a \$750 prize at UMass Amherst.
