| • Human-Computer Interaction | • Problem Solving in CS | • Applied Statistics |

Experience

Steve Fisher Consulting | *Data Analytics & Strategy Consultant*

May 2025 - Apr. 2026 | *Menifee, CA*

- Analyzed client engagement, retention, and conversion data to support business and digital strategy decisions.
- Built KPI dashboards and predictive models for marketing, operations, and customer behavior; improved client-facing workflows and reporting.

ProDose | *Product Manager*

Sep. 2026 - Present | *Amherst, MA*

- Lead product development for a smart medication dispenser with a five-person UMass Mechanical & Industrial Engineering senior capstone team.
- Translate product requirements into CAD, 3D-printed prototypes, test plans, design refinements, and manufacturability decisions.

Simple Coaching Inc. | *Digital Strategy & Analytics Consultant*

Mar. 2025 - Aug. 2025 | *Remote*

- Used customer journey, SEO, and performance analytics to improve service pages, digital strategy, and customer experience.
- Worked with leadership on new service offerings, digital audits, website improvements, and data-informed outreach.

Zad Holding Company Q.P.S.C. | *Data Analytics Intern*

Mar. 2021 - Aug. 2021 | *Doha, Qatar*

- Built datasets, database structures, and Power BI reporting workflows to support operational analysis and reduce manual reporting.
- Completed a client analytics project for Ooredoo Qatar using customer usage data, statistical inference, and Power BI to develop a mobile data-plan recommendation.

Projects

Campus Safety Alerts Dataset | *Python, BeautifulSoup, pdfminer.six, requests*

UMass Amherst

- Built source-specific scrapers for 10 universities and standardized 519 HTML/PDF safety documents into a traceable multi-source dataset.

CalendAI | *Predictive Modeling, A/B Testing, AWS, MongoDB, Node.js, React*

Virginia Tech

- Applied behavioral modeling and experimentation to an intelligent scheduling concept; the project received a \$500 KickStart VT seed grant.

Evolution of the Billboard Hot 100 | *D3.js, Three.js, JavaScript, Python*

UMass Amherst

- Joined Billboard chart history with Spotify audio features and built an interactive scrollytelling analysis covering 24 years of popular music.
